We write to request the inclusion of Janet's Trail in the Local Plan. This will start at the entrance to Berry Head Country Park Grid Reference SX 940 562. An outline of the scheme is shown in the attachment. The project will upgrade existing footpaths to accessible standards to provide a circular route for wheel chair users and families with push chairs. The circular trail will provide access to the South West Coast Path enabling users such as the disabled to enjoy one of our great assets.

The project will support the disabled and families and contribute to the Council's plan to invest in Green Tourism. It should be included in the next revision of the LCWIP. We look forward to a dialogue and to inclusion in the appropriate sections of the Local Plan.

We have just placed the Feasibility Study contract for the project.

Regards

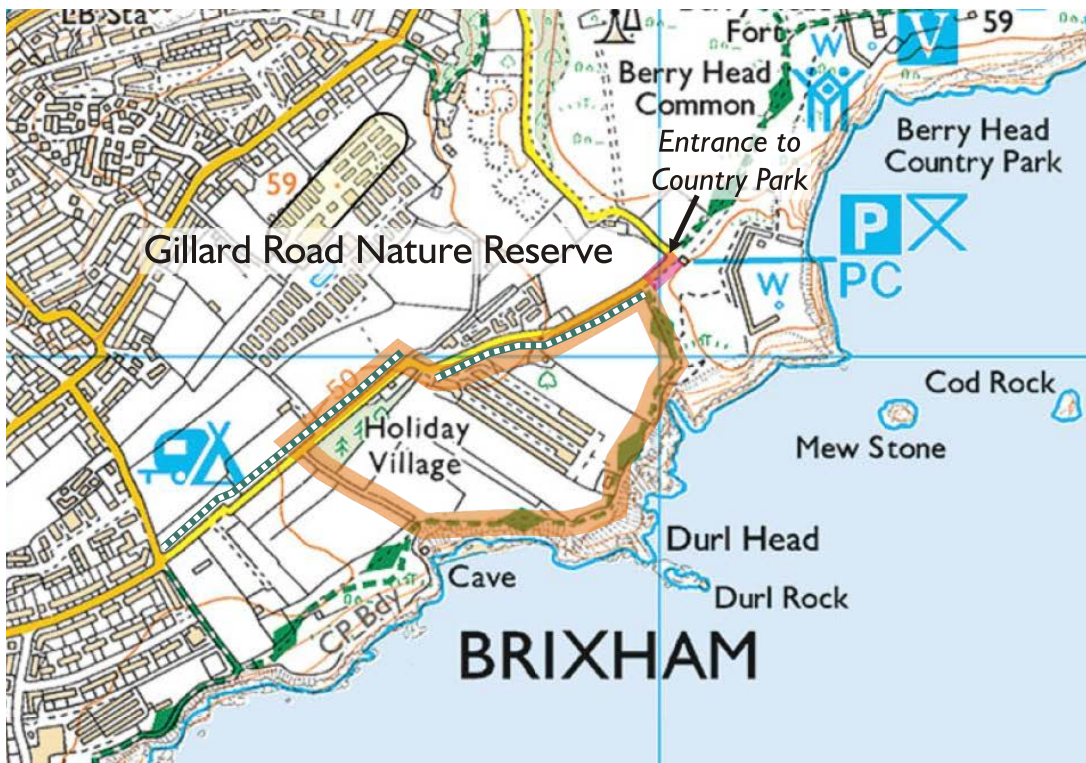

George Coles
Chair Steering Group
